**Subject:** RE: Sub-Group Leader call..

Yep, I was out on Thursday and Friday last week but in addition to the press release you had, I think that Mary sent the following links to Phil on Friday concerning this "event".

<http://www.kansas.com/news/local/article15413117.html>

<http://cjonline.com/news/2015-03-19/utilities-regulator-orders-disposal-well-reduction>

Oddly, Peter Grevatt is going to be in Wichita talking at the KRWA meeting this week. So Mary sent him information on this as a precaution.

Give me a call sometime and I can give you some additional background on what is going on. Although you know a little bit about the situation from earlier emails concerning the NTW IS report.

**Subject:** FW: Sub-Group Leader call..  
**Importance:** High

As Phil said, some of the folks don't seem to want him in the traffic light group! Kurt, I am sure you are already aware of this.
